

THE DOTHAN EAGLE

VOLUME 1

DOTHAN, ALABAMA, MONDAY, SEPTEMBER 25, 1906

NUMBER 8

PLEA FOR THE CITY IMPROVEMENT CLUB.
The ladies of the City Improvement Club have been endeavoring to a great deal of enthusiasm and very little money to put Dothan on a par with other cities of equal size. The importance in the way of cleanliness, and beauty and should have the cooperation and support of every individual citizen, as well as the councilmen and mayor.

Go to some of our neighboring cities, keep your eyes open while here, notice the clean, neat streets, the well kept sidewalks, the public squares or parks, with their beautiful flower beds, the velvety lawns and wide-spreading trees with their rustic seats scattered here and there, the cool shade inviting the weary traveler to snatch a moment's rest while he enjoys the beauty and harmony of a well kept city.

For him return to the thriving little city of Dothan and note the contrast. Instead of neat well kept streets, and clean wide sidewalks, paper and trash of every description, are scattered all over the street and a general unkempt appearance meets the eye, which on close inspection proves to be trash and filth. And now that the one reason is at hand, everidiller eats himself on the curb stone, and hrows his peelings and chews around him, this not only litters the streets but tends to spread disease.

Now the ladies wish to remedy this as much as they can, and with a small amount of funds, and the help and cooperation of the male population will do wonders.

They have already expended \$78.00 in the improvement of the city apart of which was used to improve the Grammar School grounds, and they now propose to travel the walks and otherwise improve the grounds of the High School Building.

They have bought one dozen zinc barrels which they have placed on prominent corners in the business section for the reception of trash etc.

All this has been accomplished without soliciting financial aid from the city although the city alone gets the benefit. Now it is nothing more than fair that the city come to the front and help itself.

A CLUB WOMAN.

Rally Day A Success.

"Rally Day", the gala day for the Baptist Sunday School, yesterday was indeed a complete success, in point of attendance and in excellence of the program rendered by the young folk. The total number present was 413, collections about \$15.00. Recitations and musical numbers constituted the program and was under the direction of Mrs. C. E. Harmon, which largely accounted for the success of the occasion.

The Crystal Moving.

The Crystal Barber Shop, recently purchased from J. J. Helms & Baker moved its quarters today from Foster street to the door next to Young's Drug store down on Main, and will present a handsome appearance when everything is properly located.

Rev. W. M. Anderson has been in Birmingham for the past several days, assisting the Baptists of that city in the conducting of a series of evangelistic meetings, and there were no services at the First Baptist yesterday, other than Sunday School. The other churches were filled to their capacities.

Leslie McCants and Cleveland McEachern, of Hartford, were in Dothan yesterday enroute to Montgomery, where they go to drive an automobile through to Hartford. J. E. McCants having bought one for general transfer purposes at Hartford.

"Tag Day" Tomorrow.

If the weather is agreeable, the ladies of the library association will tomorrow celebrate "Tag Day." Everyone receiving an official tag will be expected to make a free will offering to the library.

The Dothan Public Library is an institution that we are all justly proud of. It contains 1400 volumes of the best fiction and reference books of literature and history. An efficient librarian keeps the library open every afternoon in the week.

The librarian reports that more books of educational value are now being read than ever before in the history of the institution.

The library has received recognition from Washington resulting from a visit paid it by an eminent jurist. It is hoped that at no distant date that the library will receive material aid that will result in a free library.

Mrs. J. J. Taylor still remains critically ill, but the doctors have hope of her recovery.

DECEMBER 23RD.

Many of our friends have good naturedly asked if we expected to run this voting contest on forever, and not set a time for it to close. It is perfectly proper for a day to be set, and we have talked with the most interested, and from what they say, December, 23, will come nearer nullifying everybody than any date we have discussed. This is two days before Christmas, and we will fix the hour for receiving the last vote, at four o'clock in the afternoon, of Dec. 23, which is on Wednesday.

Those merchants handling the tickets will have done the Christmas sales by this hour, for but few people buy much stuff on Christmas Eve, and we think this will help to stimulate the public in doing their trade earlier, and not wait for the rush on the last day. It is always better to do Christmas shopping early, anyway, and by giving ample notice, it will be treating all concerned fairly.
